RAJNSKI RIESLING

- Dry white wine -

Grape varieties:

- Rajnski riesling

Origin: Erdevik, Fruška Gora

Serving temperature: 10-12°C

About the vine

The wine has a pronounced varietal character, with a greenish-yellow color and aromas of apple, peach, and rose, with violet notes in the background. On the palate, it is well-balanced with fresh, pronounced acidity, along with petrol notes, especially in our more mature wines.

Food pairings include ham, caviar, tuna pâté, smoked salmon, carp in wine sauce, pike-perch in sour cream, grilled chicken, all types of roasted meats, and semi-hard cheeses.

We produce an average of around 3,000–4,000 bottles of Riesling per year.
